

# Feedback Form

*Generation*

AUSTRALIA

## Why give feedback?

Every person experiences things differently. Our aim as an organisation is to create a learning and working environment that is enjoyable, safe and stimulating to all. The only way we can be sure is through your honest and open feedback.

The feedback form is open to anyone involved with Generation Australia including: staff, volunteers, mentors, instructors, learners, and employment partners. We understand it's not always easy or appropriate to share what's on our mind in certain situations and hope that this form will serve as a useful tool to pass your reflections onto us. You can choose to submit your feedback anonymously or request to be contacted with a follow up.

## What happens next?

Once you've submitted a form, your feedback will be reviewed by the relevant manager and/or leadership team. Please allow 5 working days for your feedback to be received. The information provided will be taken with serious consideration, however an anonymous submission will not involve any further direct communication from Generation Australia.
